

Space Strategies (depending on security level)

1. Programs held in cell blocks
 - a. Table games, puzzles, cards, etc.
 - b. VCR connected to TV's for movies or special programming
 - c. Educational programming through cable TV
 - d. Computers & typewriters
2. Conduct space needs analysis – identify open rooms & hallways
3. Outside and inside (facility) programming (per classification)
 - a. Trailer placed outside facility
 - b. Transported by outside volunteers – example: volunteers take inmates to help with the local food shelf
4. Be objective, flexible
5. Portable equipment
 - a. VCR, computers, games, drywriting board, typewriter, tapes, boom-box, stair stepper, foosball table, etc.
6. Multipurpose rooms
 - a. Main schedule for AA, religion, education
7. Productive scheduling – time, persons, activities
 - a. How can you get the most people to attend to the most programs?
 - b. Do not allow space to sit empty
